Lead Broker Blueprint by Lorenzo Marietti

Module 7 deliverable

90-Day Decision Framework Worksheet

Self-assessment, capital plan, sequencing, week-by-week milestones

How to use this worksheet

Print and fill by hand, or fill using a PDF reader's typewriter / annotation tool. Five parts:

1. Self-assessment (the six dimensions from Module 7.1).
2. Capital plan ($1k / $5k / $15k / $50k tier and your specific budget).
3. Sequencing choice (buyer-first / generator-first paid / generator-first organic).
4. 90-day milestone plan with weekly targets.
5. Decision rule and 90-day review.

Part 1 — Self-assessment

Score honestly. "What I'd like" and "what I have" are different sentences.

Capital available

☐ Under $5k ☐ $5k–$15k ☐ $15k–$50k ☐ Over $50k

Specific dollar amount _____

Time per week (sustainable for 6+ months)

☐ Under 10 hrs ☐ 10–25 hrs ☐ 25–40 hrs ☐ Full-time

Relevant skills (check all that honestly apply)

☐ Paid search ☐ Paid social ☐ SEO ☐ Outbound B2B ☐ Sales ☐ CRM/technical ☐ Vertical domain expertise

Network in any vertical (warm contacts you could approach)

Vertical(s) and approx. count _____

Geographic flexibility

☐ Tied to a metro ☐ State ☐ Regional ☐ National

Licensure willingness

☐ Insurance license OK ☐ NMLS OK ☐ No licensure

What constraints does my self-assessment actually impose?

Write the two or three verticals from Module 2 that your self-assessment opens (and the ones it closes).

Part 2 — Capital plan

Total starter capital (USD) _____

Ad-spend budget over 90 days _____

Tooling budget (90 days) _____

Labor budget (90 days) _____

Reserved for legal/counsel _____

Buffer (≥ 20% recommended) _____

Capital tier (per Module 7.2)

☐ $1k tier ☐ $5k tier ☐ $15k tier ☐ $50k+ tier

Verticals this capital actually supports

Part 3 — Sequencing

Pick one. Choose deliberately.

Primary sequencing choice

☐ Buyer-first (recommended for most newcomers)

☐ Generator-first, paid acquisition

☐ Generator-first, organic (SEO / content)

Why this choice for me?

Primary vertical / sub-vertical

Vertical _____

Sub-vertical _____

Geography _____

Secondary candidate (in case primary fails validation)

Vertical / sub-vertical / geography

_____

Part 4 — 90-day milestone plan

Write specific milestones for each two-week block. The milestones should be measurable; "start learning Google Ads" is not measurable, "run 5 small paid-search tests with documented results" is.

Weeks 1-2

Milestone (measurable):

Done by end of block? Y / N. If N, what changed?

Weeks 3-4

Milestone (measurable):

Done by end of block? Y / N. If N, what changed?

Weeks 5-6

Milestone (measurable):

Done by end of block? Y / N. If N, what changed?

Weeks 7-8

Milestone (measurable):

Done by end of block? Y / N. If N, what changed?

Weeks 9-10

Milestone (measurable):

Done by end of block? Y / N. If N, what changed?

Weeks 11-12

Milestone (measurable):

Done by end of block? Y / N. If N, what changed?

Part 5 — Decision rule and 90-day review

Written decision rule

Specifically: what would make me commit to this vertical for another 12 months? What would make me stop or pivot?

If [specific result by day 90], I commit:

If [specific result by day 90], I move to my secondary vertical or stop:

Honest pre-mortem

If 90 days from now this hasn't worked, what would have been the most likely reason? (Recall Module 7.6 — buyer churn, traffic-cost inflation, regulatory shift, exclusivity demands, payment timing, founder burnout.)

90-day review (fill at day 90)

Review date _____

What happened (factual summary):

Decision (commit / pivot / stop):

Why:

Standing disclosures
